Safe in Austin Rescue Ranch is not an adoption-based rescue. We are a sanctuary for special needs animals and the children that also have stories of abuse or special needs who come to visit them. We agree to take in orphaned kittens and puppies as a service to our community even though it is a strain on our budget, space, and time. The adoption donation made to adopt one of our animals goes straight to our mission of rescue animals, rescue children and the ongoing expenses of our sanctuary. We do not have a veterinary partner that offers free or highly discounted services, so we do expect the adopter to understand that and take on the responsibility of spaying and neutering the puppy themselves. At the time of the adoption, you will be asked to fill out a contract stating that you will finish all vaccinations and surgeries and understand Safe in Austin will follow up with your veterinarian to confirm.
